

FAQ

For schools

Welcome to My Path!

My Path is a free online tool which is simple and easy to use, taking the guess work out of subject selection and simplifying what can be an overwhelming activity for many students. The tool works to identify a student's capabilities through a series of questions relating to students' strengths and interests. My Path then identifies capabilities which best suit the individual student, and from there three main things can be done:

- Identify ATAR eligibility through subject selection
- Identify prerequisites for tertiary study
- Create a set plan

I can't sign in to My Path...what could it be?

First, make sure you're an authorised school contact person for My Path - you can do this by checking with your principal or school leader. For security reasons each school has three preauthorised contacts that have been prearranged.

I need to change the school subjects we offer

When entering your school's available subjects, make sure to only click 'finalise' when you are sure they have been entered correctly.

If you need to make a change, please email mypath@qtac.edu.au or call the QTAC schools line on (07) 3858 1299.

I just want to look up a prerequisite for a course, how can I do that?

You can access the prerequisite PDF's that are located on the My Path web page- they are up to date and have prerequisites for all QTAC courses.

Help! I'm having technical issues

For all technical enquiries, please email mypath@qtac.edu.au or call (07) 3858 1299.

Where do I find more information about I Clusters?

Read our white paper- 'My Path: The Rational behind the Results'. You can find it list on the My Path webpage at qtac.edu.au.
