

**Applying to QTAC 2020**

**QTAC** | CHOOSE  
THE FUTURE

## What is QTAC?

- A not-for-profit organisation
- Owned by seven Queensland universities

## What do we do?

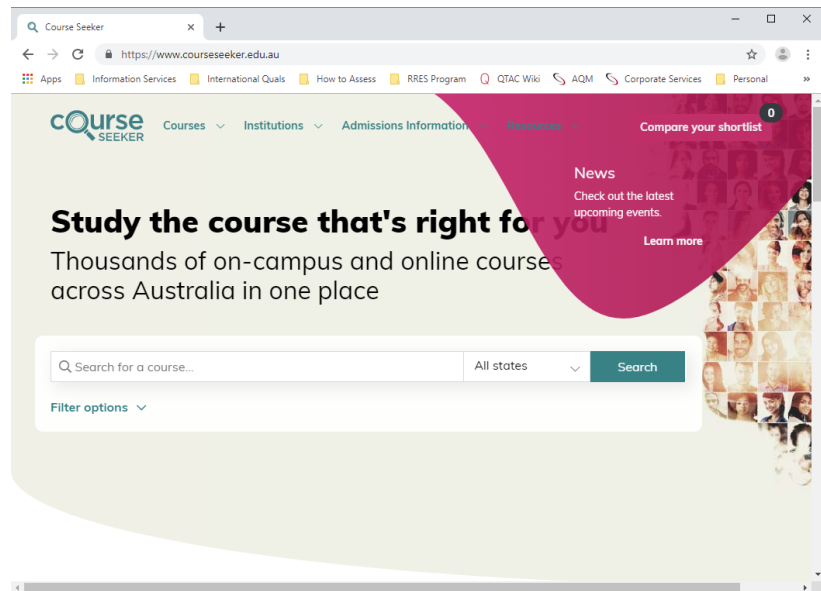

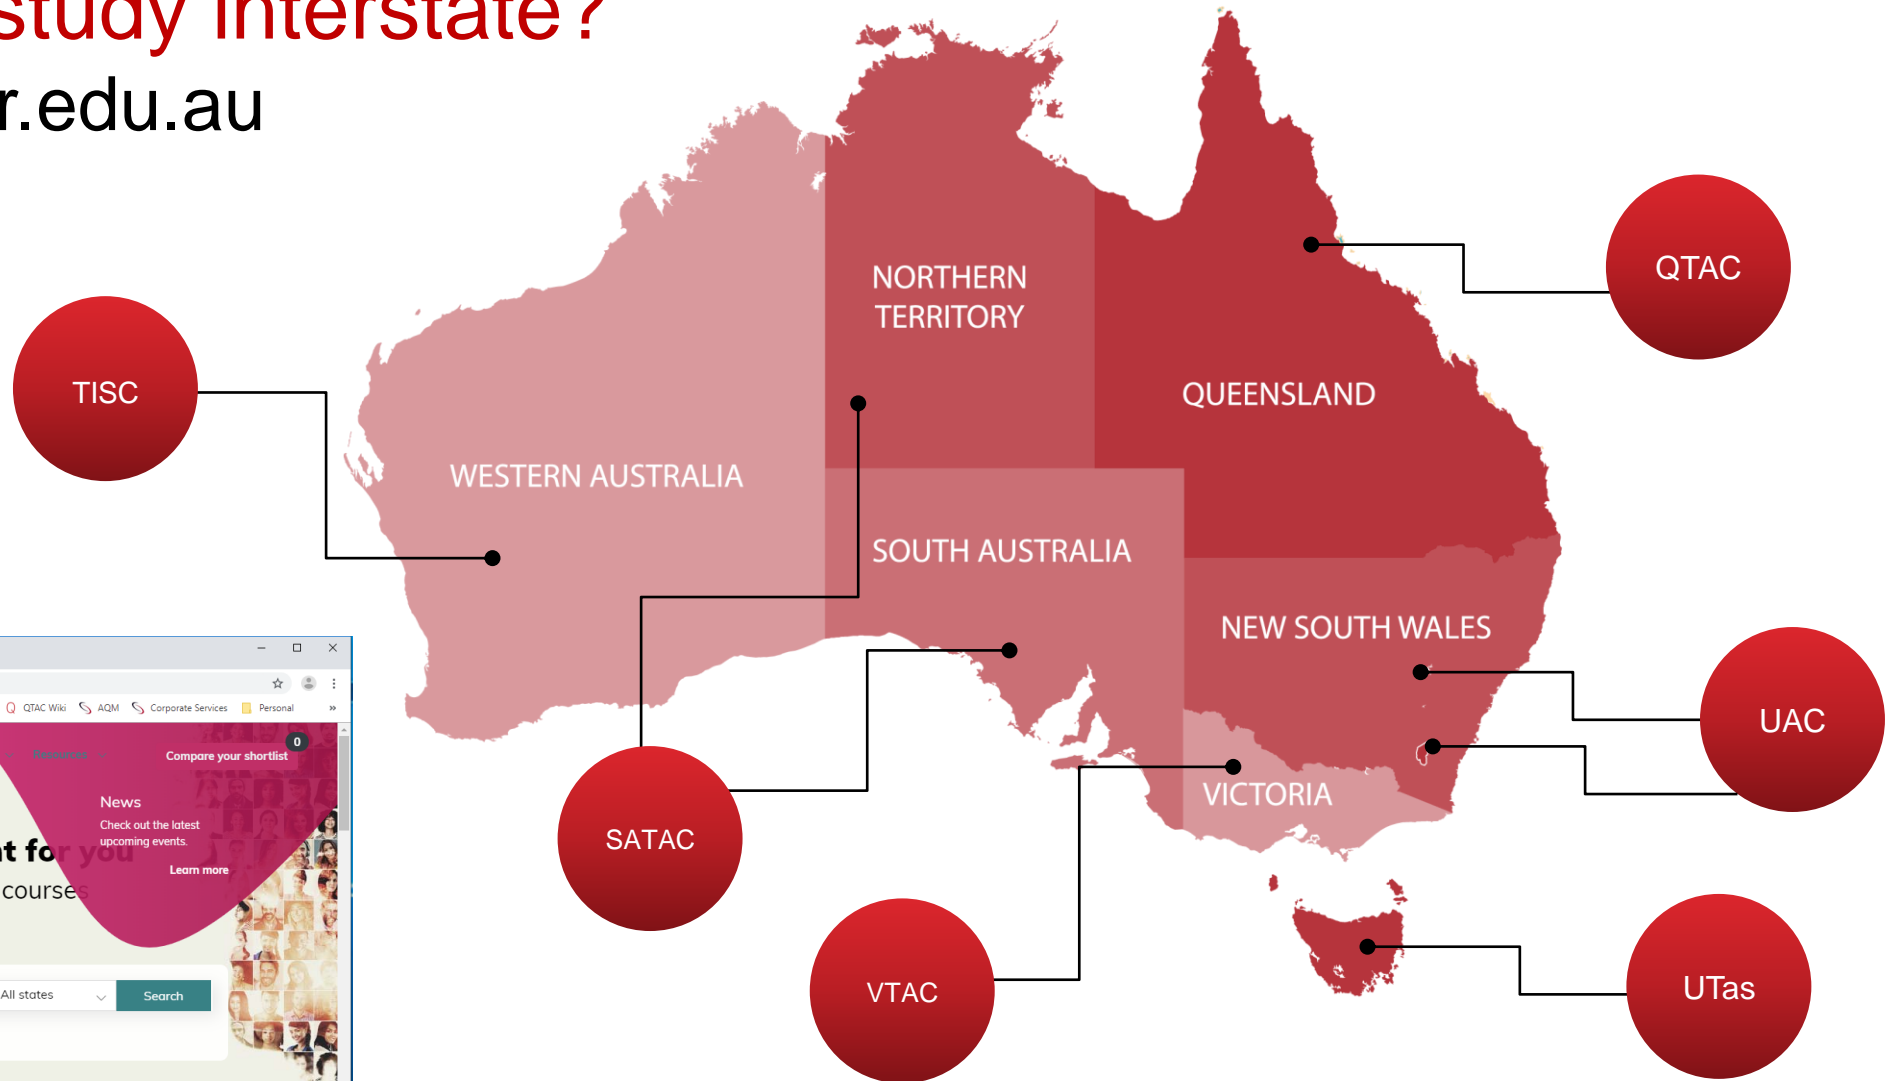

- Provide information about tertiary study and courses
- Assess approximately 75,000 applications per year
- Make offers in 1,700 undergraduate courses on behalf of 16 institutions
- Calculate and award ATARs.
- **QTAC is here to help match applicants with an opportunity that is right for them.**

# QTAC makes offers on behalf of these institutions

# Looking to study interstate?

courseseeker.edu.au

A high-angle, top-down photograph of five students sitting around a light-colored wooden circular table. They are all focused on their work, with some looking at tablets and others at papers. The scene is lit with a warm, reddish-pink light, creating a cohesive and modern aesthetic. The students are dressed in casual attire, and the table is cluttered with various school supplies like pens, pencils, and papers.

# ADMISSION CRITERIA

# Admissions Criteria

Admissions rules vary:

- Institutions determine their own admissions rules and QTAC implements them
- Rules are applied consistently within institutions, but rules change from institution to institution

**Eligibility**  
Have you met the minimum  
entry requirement?

System begins  
to check merit

System moves to  
the next preference

**Merit**  
Is your rank above the  
minimum?

Application goes on to compete  
with all other applicants on the  
basis of rank

System moves to  
the next preference

# What are the eligibility requirements?

They may include:

- Age requirements
- Subject prerequisites
- Portfolio, audition or interviews\*
- Essays or personal statements\*
- Questionnaires or exams\* (medicine and dentistry may require UCAT)

\* Check early closing dates

# How is merit determined?

Applications are allocated ranks based on their assessable qualifications.

These assessable qualifications may include:

- Year 12 OP and ATARs
- Overseas Year 12 qualifications
- Tertiary study – Bachelor/Masters (min 2 subjects required)
- Completed AQF qualifications (Cert 3 and 4)
- Diploma, Advanced Diplomas
- Music, dance, drama qualifications
- Bridging and preparatory courses

## Don't forget

Not all QTAC applicants are 2020  
Year 12 school leavers

A photograph of a young woman with long blonde hair in a ponytail, wearing a white polo shirt, sitting at a desk in a classroom and writing in a notebook with a pencil. Other students are visible in the background, also working at their desks. A solid red horizontal band is overlaid across the bottom third of the image, containing the text 'ATAR FOR TERTIARY ENTRY' in white, bold, sans-serif capital letters.

## ATAR FOR TERTIARY ENTRY

# What is the Australian Tertiary Admission Rank (ATAR)?

Primary mechanism used nationally for tertiary admissions.  
Indicates a student's position relative to other students.

2,000 point scale from 99.95 down to 0.00.  
ATARs less than 30.00 will be expressed as '*30 or less*'.

Will be calculated by QTAC for entry into courses in 2021.  
Is the new standard pathway to tertiary study in QLD.

# The Queensland Certificate of Education (QCE) and the ATAR (Australian Tertiary Admission Rank) are different and have a different purpose.

For questions about the QCE, including assessment and subject results, please contact QCAA (Queensland Curriculum & Assessment Authority) at [www.qcaa.edu.au](http://www.qcaa.edu.au)

## QCE

Certifies learning, showing the individual has achieved a specific standard of education at senior schooling level and may be considered by employers and the general community.

## ATAR

Tells us about a student's position (or ranking) compared to all other students in the state. The only intended purpose for the ATAR is to assist with selecting applicants for tertiary study.

# ATAR Eligibility Requirements

5 General  
Subjects

OR

4 General  
Subjects *plus*

either:

- Applied subject
- Completed Certificate III or Higher Level VET Qualification

# English – Compulsory Subject

Students must successfully complete one of the following:

- English
- English as an Additional Language
- English & Literature Extension
- Literature
- Essential English

Successfully complete = 'C' letter grade or higher.  
No specific subjects are mandated inclusions in the ATAR.

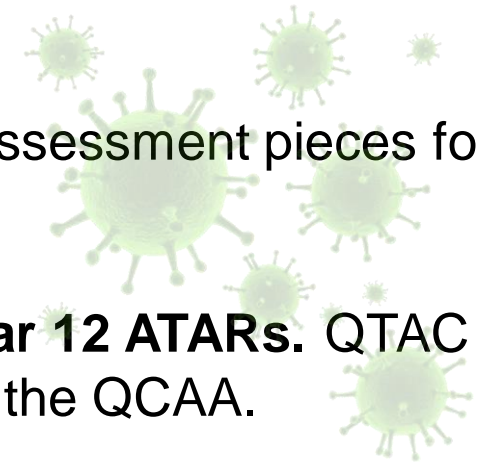

## QCE Units of Study as ATAR Inputs

- Results are added together at the completion of Units 3 and 4 of each subject
- This will lead to the overall raw subject result to be provided to QTAC for scaling, and from which the ATAR will be calculated.

### Impact of COVID-19:

- For 2020 Year 12s, QCAA has reduced the number of internal assessment pieces for units 3 and 4.
- **This change will not impact the calculation or release of Year 12 ATARs.** QTAC will calculate the ATARs from the student results files provided from the QCAA.

# How will VET be included in the ATAR?

Each VET qualification level will have a single scaled score that can be included in the student's ATAR.

For example, Cert III in Hospitality and Cert III in Lab Skills will have the same scaled score, regardless of duration or content.

A scaled score for a VET Diploma will be higher than a Certificate IV, which in turn will be higher than a Certificate III.

**IMPORTANT:** VET qualifications must be recorded as completed in a student's QCAA learning account to be included in the ATAR calculation.

# Scaling - Overview

- Scaling is necessary so that student results in different subjects can be compared fairly.
- Each state in Australia uses a scaling process in the calculation of the ATAR. In Qld, subject results are scaled by QTAC.
- The process involves adjusting the “raw” subject results for a given subject to allow results for that subject to be fairly compared with the results from any other subject.
- Uses some complex mathematics to underpin the process

# Scaling Documents – [www.qtac.edu/atar](http://www.qtac.edu/atar)

# Sequence of Events

# How will 2020 Qld Year 12s know their ATARs?

- The ATAR will be communicated to eligible Year 12 students using a purpose-built ATAR portal.
- Current Year 12s can **open their ATAR account with QTAC when admissions open on 4th August**. This includes students who wish to study interstate.
- The ATAR will be released at 9am on **19 December 2020** the same day and time as the QCAA Results.
- The ATAR release is an online release ONLY. There will be a facility to print the results notice.

The image shows two screenshots of the QTAC ATAR Portal. The top screenshot is the login page, featuring the QTAC logo and the tagline 'CHOOSE THE FUTURE'. It has a navigation bar with links for Applications, School Resources, Institutions, About, Partner With QTAC, and RRES Program. The main heading is 'Login' with a 'Home / Login' breadcrumb. The bottom screenshot shows the registration process, divided into 'Existing Student' and 'New Student' sections. The 'Existing Student' section has fields for Email Address and Password, a 'Forgot password?' link, and a 'LOG IN' button. # International Baccalaureate (IB) Students:

- The process for calculating a tertiary entrance rank for IB students remains unchanged.
- This means IB students do not need to register for the ATAR Portal

It is a 2- step process to assess your IB results:

**STEP 1** - We convert your IB score in the completed diploma to a 'combined rank' according to the rules agreed Australia wide.

Australasian Conference  
of  
Tertiary Admissions  
Centres

AUSTRALASIAN CONFERENCE OF TERTIARY  
ADMISSIONS CENTRES

May 2019

## **Determining ATAR equivalents for International Baccalaureate students**

This document has been prepared by the Australasian Conference of Tertiary Admissions Centres (ACTAC) to explain the procedures used by tertiary admissions centres in Australia to determine tertiary entrance rankings for students who have completed the *Diploma of the International Baccalaureate* (hereafter referred to as the 'IB Diploma').

**STEP 2** - We then convert your combined rank to a QTAC selection rank.

- To help IB students understand the rank that will be used in the assessment of their QTAC application, they can refer to the IB Score to Combined Rank conversion table on the QTAC website.

See <https://www.qtac.edu.au/for-schools/international-baccalaureate-ib-studies>.

NB: The conversion table will be updated and available on the QTAC Website by **4 August** for students completing their IB in 2020.

## OTHER PATHWAYS FOR TERTIARY ENTRY

# There are other pathways for tertiary entry

Institutions may also consider completed **VET qualifications (at Certificate III level and higher)** as a basis of tertiary admission on their own (including non-school leavers applying for tertiary study) as summarised below:

Policy	Institution
Institution specific schedules	Australian Catholic University Bond University Christian Heritage College CQUniversity Australia Griffith College Griffith University James Cook University Queensland University of Technology (for entry in 2021- school leavers with Cert IV & above & who also graduate with a QCE, ATAR or IBD) TAFE Queensland The University of Queensland (for non-current school leavers) University of the Sunshine Coast University of Southern Queensland University of New England Southern Cross University

# Performing arts qualifications for admissions from 2021

Non-AQF performing arts qualifications (such as AMEB awards) are not included in the ATAR calculation. However, some institutions may consider these qualifications on their own (including for non-school leavers) as a basis of admission to tertiary study, as summarised below.

Policy	Institution
Institution specific schedules	Australian Catholic University Christian Heritage College CQUniversity Australia Griffith College Griffith University James Cook University TAFE Queensland The University of Queensland (for non-current school leavers) University of the Sunshine Coast University of Southern Queensland University of New England Southern Cross University
Institutions that will not accept performing arts qualifications as a basis of admission for any category of applicant	Bond University Queensland University of Technology

## Pathways continued...

### **University might not be for everyone.**

If students aren't looking at getting a university degree, a certificate, diploma or trade qualification might be something to consider. They can offer great benefits including;

- Starting work straight away.
- Practical, on the job training.
- Possible credit towards a degree down the track.

Everyone who goes to university or TAFE is going to have their own individual experience.

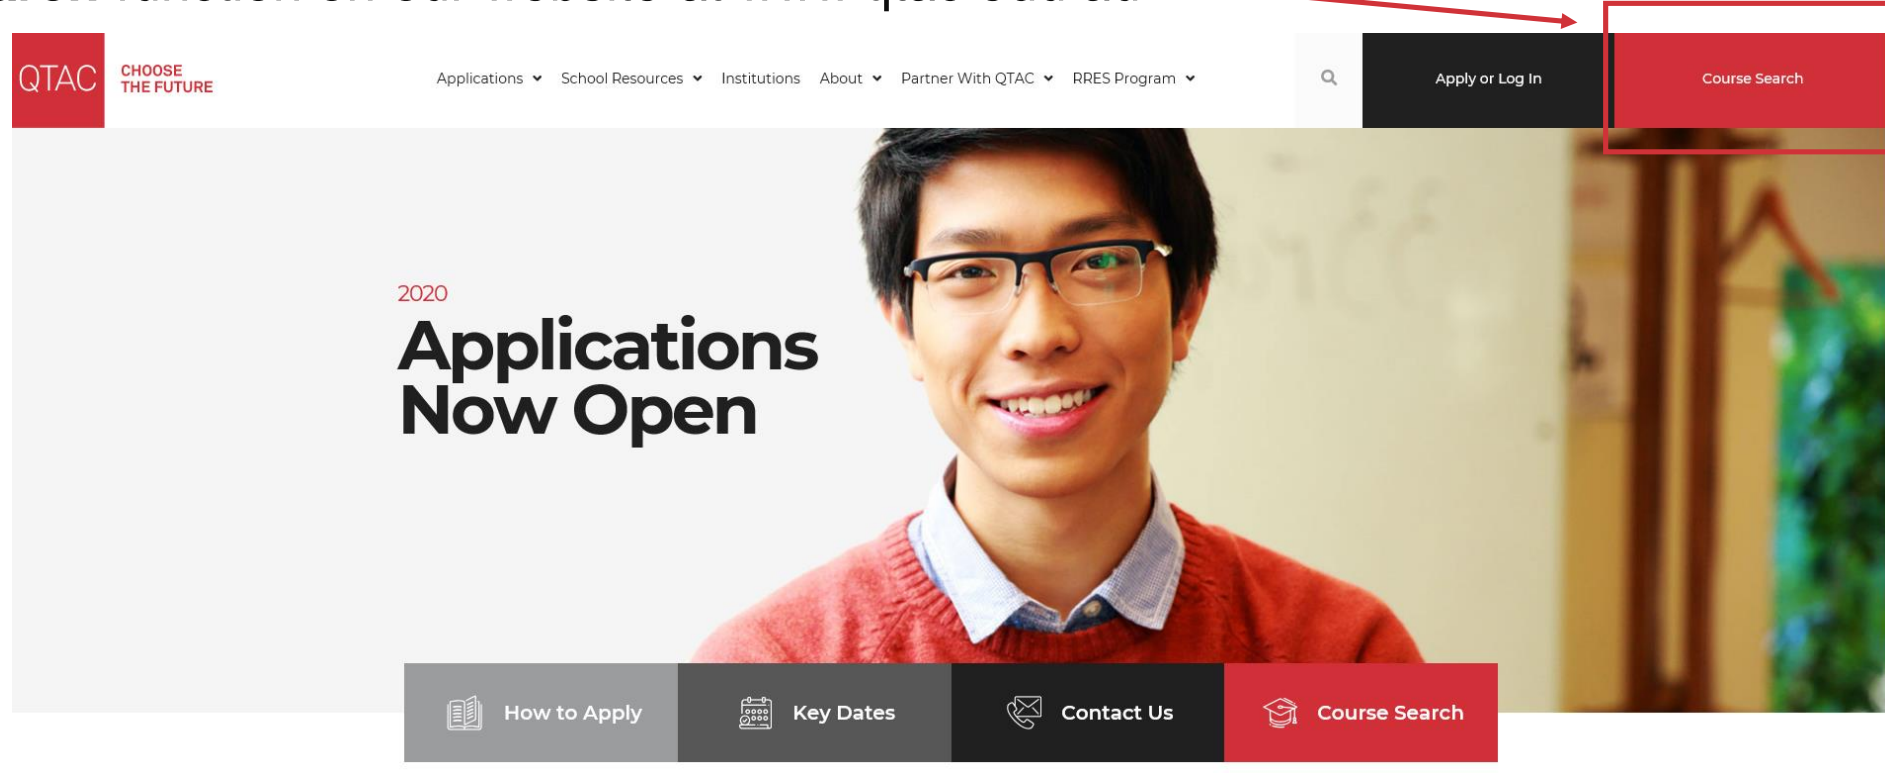

**Don't forget, QTAC is here to help match students with an opportunity that is right for them.**

Career Possibilities

### Course outline

This program prepares graduates for careers as paramedics. Clinical decision-making, problem-solving and critical thinking are utilised throughout the program, including during simulated learning activities and clinical placements. Foundation knowledge in human body systems, general paramedic practice, management of a variety of conditions and situations including trauma, medical, mental health, maternity, and major incident management are embedded in the program. Graduates are prepared to work holistically with individuals, groups and entire communities in and out of the hospital setting. For more course information, visit [Bachelor of Paramedicine at GU](#).

### Combined diploma/degrees

Refer to entry under Griffith College for: D Health Sciences/B Paramedicine.

### Fee notes

This an indicative only amount for first year fees. To more accurately calculate your fees use the Fee Calculator at [degrees.griffith.edu.au/fee-calculator](#)

### Other requirements

Students are required to undertake supervised clinical practice placements. Before they enrol, students must meet all professional practice requirements including a criminal history check, first

# OP to ATAR conversion

For the 2019–2020 admissions period, offers were made for the last time based on an Overall Position (OP).

This is reported as the 'Lowest OP offered' in the course entries in the QTAC Guide and online through *Course Search*. In 2020, ATAR will replace OP as the standard pathway to tertiary entry in Queensland for 2021 admissions.

There is no possible direct translation of OP to ATAR because the two are derived from different sets of information and by different statistical methods.

As a rough guide, the table on the right provides details of the lowest ATARs awarded within each OP band for OPs awarded in 2019. \*

## Online Calculators

QTAC does not endorse or support the use of “ATAR calculators” due to the changing nature of the student cohort from year to year. ATAR calculators do not use current data so cannot accurately predict a student’s ATAR.

# PREFERENCES

## What is preferencing?

- Preferencing is an important part of the application process as only one offer is received at a time, based on your highest eligible preference
- Each application has up to **6** preferences
- Preferences can be changed after the application is lodged, even after an offer is made
- Each application comes with 3 free changes as part of the application fee
- It is a good idea to keep one preference change for when ATARs are released.
