1. About the Rural and Regional Enterprise Scholarships

The Rural and Regional Enterprise Scholarships program (the 'Program') is intended to improve access to and completion of tertiary education courses for students commencing a new course of study from a regional or remote area in Australia.

The program objectives are to increase the number of regional and remote students:

- engaging in tertiary study at qualification levels from Certificate IV and above;
- able to undertake their preferred course of tertiary study, irrespective of their location; and
- completing their course of study, relative to their peers.

The Rural and Regional Enterprise Scholarships will improve educational attainment and skills development opportunities for regional and remote students. Through tertiary study and internship opportunities, Scholarship Recipients can obtain important job-related skills, as well as strengthening their foundational literacies, socio-emotional skills and higher-order cognitive skills. They will be better equipped to adapt to the changing nature of work in a technologically advanced economy.

The Program will support undergraduate, postgraduate and Vocational Education and Training (VET) students to undertake a tertiary qualification. Round Six will be administered through an application round in 2022 and 2023.

Scholarship Recipients have the option to access support for undertaking an internship. Internships give Scholarship Recipients an opportunity to gain experience within a workplace relevant to their study or training and learn about the organisation in which they are placed.

Rounds One and Two of the program funded scholarships for eligible students studying a STEM (Science, Technology, Engineering and Technology) discipline.

Rounds Three to Five increased the size and scope of the program to support students studying any discipline.

Round Six will support students studying any discipline.

Previously successful scholarship recipients

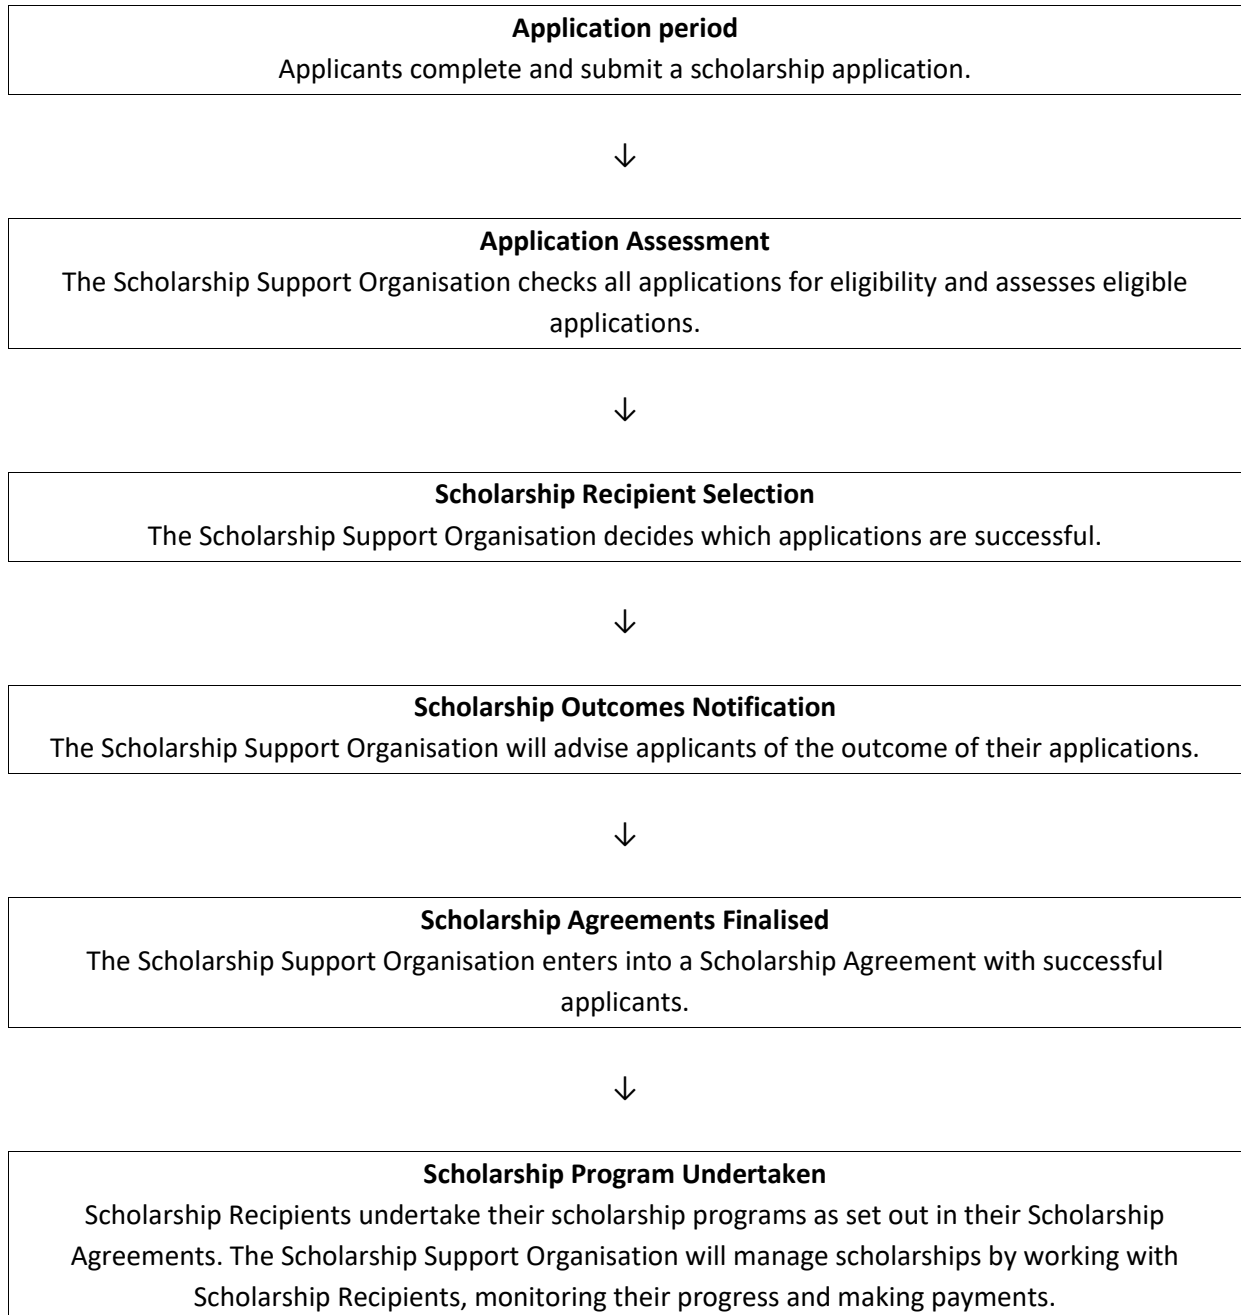

These Guidelines (including details related to eligibility) apply only to Round Six and are not to be applied retrospectively to previous rounds (Rounds One, Two, Three, Four and Five) or to the Creative Arts Scholarships.

People who were awarded scholarships in a previous application Round must refer to their respective Program Guidelines to determine their ongoing eligibility.

In 2021, the Creative Arts Scholarships supported 50 bachelor level students to undertake a qualification in a creative arts discipline. Students found eligible in 2021 for these scholarships will

continue to receive their scholarship as long as they continue to demonstrate their eligibility, as required under the previous Program Guidelines.

2. Process overview

3. Scholarships

3.1 Purpose of Scholarship payments

Scholarship payments are intended to assist the Scholarship Recipient with the financial costs of undertaking their Eligible Course of Study and Internships.

3.2 Scholarship duration

A Scholarship can support a minimum course duration of six months full-time and a maximum course duration of four years full-time (or the part-time equivalent).

Scholarship Applicants can only apply for one Eligible Course of Study in one round. For example, it is not possible to apply for Scholarships for two different six-month courses in a single application round.

Scholarship funding is available for a maximum of four years full time only, including if a Scholarship Recipient:

- is undertaking full-time study over a longer period,
- changes their course of study while in receipt of a Scholarship.

3.3 Financial benefits

Scholarship Recipients will receive total Scholarship payments of up to \$18,000, based on course length and type of study or training (refer to the table below). A further \$500 is available to Scholarship Recipients to support an Internship.

An Internship Host Organisation receives \$500 to assist with the cost of supporting an Internship that is not a requirement of the Scholarship Recipient's Eligible Course of Study. An organisation supporting an Internship that is a course requirement (needed in order to graduate) will not receive the \$500.

As an example, a four-year (or more) Scholarship Program can include:

- up to \$18,000 in study assistance;
- \$500 as a one-off incentive payment to the student for undertaking an Internship; and
- \$500 to the Internship Host Organisation.

If students are continuing higher levels of study and have been previously found eligible in a RRES round, they can reapply in a subsequent round. This is contingent on the student having completed their previous study and applying for a higher level of study (example: Diploma to a Bachelor degree). The maximum amount to be granted to a student found eligible in multiple scholarship rounds will be \$18,500.

The following tables indicate the maximum total a student can receive depending on the length of their study and mode of study:

Full-time study

Scholarship length	Study Assistance	Internship (Student)	Internship (Internship Host Organisation)	Total Student Payment
6 months	\$2,250	\$500	\$500	\$2,750*
1 year	\$4,500	\$500	\$500	\$5,000*
2 years	\$9,000	\$500	\$500	\$9,500*
3 years	\$13,500	\$500	\$500	\$14,000*
4 years	\$18,000	\$500	\$500	\$18,500*

Part-time study

Scholarship length	Study Assistance	Internship (Student)	Internship (Internship Host Organisation)	Total Student Payment
1 year	\$2,250	\$500	\$500	\$2,750*
2 years	\$4,500	\$500	\$500	\$5,000*
3 years	\$6,750	\$500	\$500	\$7,250*
4 years	\$9,000	\$500	\$500	\$9,500*
5 years	\$11,250	\$500	\$500	\$11,750*
6 years	\$13,500	\$500	\$500	\$14,000*
7 years	\$15,750	\$500	\$500	\$16,250*
8 years	\$18,000	\$500	\$500	\$18,500*

Note: The above amounts are represented as gross figures.

*As indicated above, the \$500 is a one-off incentive payment to the student for undertaking an Internship. The payment will only be provided once per student during the duration of their scholarship.

4. Scholarship selection process

4.1 Application process overview

Applicants must submit a complete application, including supporting documentation, to the Scholarship Support Organisation. Advice on making an application is published on the websites of the [Scholarship Support Organisation](#) and the [Department](#).

Applications submitted are checked for compliance with the eligibility conditions described at Section 5.

Eligible applications are assessed, which includes consideration of the selection criteria (Section 7), by the Scholarship Support Organisation.

Based on this assessment, the Scholarship Support Organisation decides which Scholarship Applicants receive a Scholarship.

Scholarships are allocated to eligible applicants until all Round 6 scholarships have been exhausted. Priority or special consideration may be given to students in the categories included in Section 7.

Unsuccessful Scholarship Applicants for one round may submit a new application in a future Scholarship round. The eligibility and selection criteria will still apply, and students are not guaranteed a Scholarship.

4.2 When to apply

Scholarship application round details, such as the opening date, and current Program Guidelines, are published on the websites of the [Scholarship Support Organisation](#) and the [Department](#).

4.3 Completing the Scholarship application

A complete application must include:

- a completed online application form located on the [Scholarship Support Organisation](#) website;
- supporting documentation (refer to below).

If more than one application from the same Scholarship Applicant is received by the Scholarship Support Organisation, only the latest application received will be assessed. If an application for a Scholarship Applicant is received after a previous application has been assessed and is deemed unsuccessful, the Scholarship Support Organisation will assess the new application.

4.4 Supporting documentation

Applicants must submit the following documentation with their completed application form:

- evidence of Australian citizenship, permanent residency, holding a permanent humanitarian visa or being a New Zealand citizen living in Australia;
- proof of residence in a regional or remote area in Australia (see Section 5.1);
- evidence of financial need (see Section 5.3); and
- evidence of eligibility for Other considerations (see Section 7).

4.5 Questions during the application process

Questions during the application process must be directed to the Scholarship Support Organisation.

4.6 Notification of application outcomes

The Scholarship Support Organisation will advise Scholarship Applicants of the outcome of their application via email following assessment.

4.7 Feedback on applications

Unsuccessful Scholarship Applicants may request feedback on their applications from the Scholarship Support Organisation. The process for requesting feedback will be advised in the written notification.

5. Scholarship eligibility criteria

Applications must meet all eligibility criteria to be considered for assessment.

5.1 Scholarship Applicant eligibility criteria

To be eligible for a Scholarship, the Scholarship Applicant must:

- be an Australian citizen, Permanent Resident, holder of a permanent humanitarian visa, or a New Zealand citizen living in Australia;
- not have commenced their Eligible Course of Study prior to the eligible Commencement Period;
- provide evidence to demonstrate their financial need;
- have a permanent home address (for example, family home for school leavers) in a regional or remote area as defined by the Australian Statistical Geography Standard (ASGS) 2016.¹
 - If a Scholarship Applicant relocates to a major city to study, evidence of relocation from their permanent regional home address to study must be provided.
 - The Scholarship Applicant must not have relocated to a major city more than 3 months prior to commencing the chosen course of study.

5.2 Eligible Courses of Study

Eligible Courses of Study are those that meet the following requirements listed under Eligible Providers, Accredited Courses, Field of Study, Level of Study, Commencement Period and Mode of Study.

Eligible Providers

Scholarship Applicants must propose and undertake their course of study at an Eligible Provider.

An Eligible Provider is either a:

The Department advises the Scholarship Support Organisation of higher education or training providers for which issues of financial viability, quality or unethical behaviour have been identified and may, at its discretion, require that a higher education or training provider not be considered an Eligible Provider for the purposes of the Program.

¹ Scholarship Applicants can check the remoteness classification of their address under the ASGS at https://www.health.gov.au/resources/apps-and-tools/health-workforce-locator?utm_source=doctorconnect.gov.au&utm_medium=redirect&utm_campaign=digital_transformation&utm_content=%2Finternet%2Ftd%2Fpublishing.nsf%2FContent%2Flocators or at <https://www.health.gov.au/resources/apps-and-tools/health-workforce-locator/health-workforce-locator#hwc-map>.

² Scholarship Applicants can confirm their RTO is registered at [training.gov.au](https://www.training.gov.au).

³ Scholarship Applicants can confirm their higher education provider is registered at TEQSA's [National Register](#).

Accredited courses

The course of study must be accredited, and the Eligible Provider must be accredited to deliver the course.⁴

Scholarship Recipients may undertake study on a full-time or part-time basis. A full-time study load is as defined by the Eligible Provider of the Eligible Course of Study. Part-time Scholarships are reduced proportionally per semester as shown by the tables in Section 3.3: Financial Benefits.

A Scholarship Recipient may change from full-time to part-time study, or vice versa, with the agreement of the Scholarship Support Organisation.

The mode of study may be face-to-face or online, but must be undertaken in Australia, unless a special exemption is given by the Scholarship Support Organisation (for example, to allow for a student exchange experience).

Study must be delivered in English, unless a special exemption is given by the Scholarship Support Organisation (for example, to allow for a student exchange experience).

⁴ Scholarship Applicants can view the accredited courses their provider is approved for by searching for its registration page on training.gov.au or the [TEQSA website](#). Higher education institutions will be accredited to deliver certain courses or have self-accrediting status.

5.3 Financial need

Scholarship Applicants are considered to be experiencing financial need if they satisfy any one of the following four conditions listed in the table below. The documents which can be used as evidence of financial need are listed for each category. Applications without the required evidence are not considered.

7. Selection criteria

Scholarship Applicants must address the selection criteria to be considered for a scholarship.

8. Scholarship Recipients

8.1 Acceptance of Scholarship offer

Successful Scholarship Applicants must enter into a legally binding Scholarship Agreement with the Scholarship Support Organisation.

If there are unreasonable delays by a successful Scholarship Applicant in entering into a Scholarship Agreement, the Scholarship offer may be withdrawn, and the Scholarship may be awarded to another successful Scholarship Applicant. The Scholarship Applicant will be advised prior to the scholarship being withdrawn.

Scholarship Recipients must provide evidence of enrolment in their Eligible Course of Study. The Scholarship Support Organisation will confirm this information with the successful Scholarship Applicant following the Applicant's higher education provider's census date. Please note that different higher education providers' have different census dates.

Scholarship Applicants who applied under Financial Need Category 2 (expecting to receive an eligible Centrelink benefit or concession card on commencing their Eligible Course of Study) must provide evidence of applying for an eligible Centrelink benefit or concession card. The Applicant will receive a conditional scholarship offer until the appropriate evidence is provided. No Scholarship payments are made until the Scholarship Recipient provides evidence of receiving an eligible Centrelink benefit or concession card.

Scholarship Recipients should not make financial commitments in reliance on being awarded a Scholarship.

8.2 The Scholarship Agreement

The Scholarship Agreement contains standard terms and conditions that apply to all Scholarship Recipients and cannot be changed.

The Scholarship Agreement states the maximum Scholarship amount to be paid and the timeframe over which it is paid, reflecting the value of study assistance corresponding to the course length and mode of study. The Scholarship Agreement also specifies whether internship payments apply, based on the Scholarship Recipient's stated intention in their application.

If a Scholarship Recipient fails to meet the obligations of the Scholarship Agreement, the Scholarship Support Organisation may terminate the Scholarship Agreement. The Scholarship Recipient must return any unspent Scholarship payments.

Scholarship Recipients must continue to demonstrate financial need by satisfying one of the Financial Need Categories (see Section 5.3: Financial Need) for the duration of their Scholarship Program. Ongoing financial need will be demonstrated through a Participation Report as outlined under Reporting below.

Reporting

Scholarship Recipients must submit a Participation Report via their online scholarship portal following each semester of their Eligible Course of Study. This must include:

- evidence of the Scholarship Recipient's continued enrolment in their Eligible Course of Study;
- units of study attempted and successfully completed to date, in the Eligible Course of Study;
- progress of Internship (where relevant); and
- evidence of continued financial need.

If a Scholarship Recipient ceases undertaking their Eligible Course of Study, they must notify the Scholarship Support Organisation immediately.

If a Scholarship Recipient ceases receiving, or receives a different Centrelink benefit or concession card, they must notify the Scholarship Support Organisation immediately.

Leave of absence/deferral

In certain circumstances, scholarship payments may be deferred for up to six months. A Leave of Absence/Deferral request must be made directly to the Scholarship Support Organisation prior to the Recipient's tertiary education provider's census date.

Under exceptional circumstances a further Absence/Deferral request may be considered. The exceptional circumstance must be outside the control of the recipient and will require documentary evidence supporting it from a professional(s) qualified to provide it.

Adequate progress

Scholarship Recipients must make adequate progress in their Eligible Course of Study.

Adequate progress in a Scholarship Recipient's Eligible Course of Study is defined as:

- successfully completing all the requirements of 50 per cent or more of units of study attempted for the course, whether the Recipient is enrolled in a full time or part time Eligible Course of Study;
- remaining Enrolled in their Eligible Course of Study; and
- continuing to meet the eligibility criteria for the Scholarship program.

The Scholarship Support Organisation may, at its discretion, take Scholarship Recipient's individual circumstances into account when considering action in response to instances of underperformance.

Internships

Before an Internship can be recognised as part of the Scholarship Recipient's Scholarship Program, and the \$500 payment made to the Scholarship Recipient, the Scholarship Recipient must provide additional information to the Scholarship Support Organisation as evidence of an acceptance for an Internship.

For Scholarship Recipients undertaking work-integrated learning, this includes information such as the Eligible Course of Study outline demonstrating that the work-integrated learning is a course

requirement and evidence that the student is enrolled in the corresponding unit.

For Scholarship Recipients organising their own Internship, this includes confirmation from the Internship Host Organisation of the supervisor details, internship learning goals, commencement and end dates, and workplace induction for the Internship.

8.3 How the Scholarship payment is paid

Scholarship payment is paid to Scholarship Recipients by the Scholarship Support Organisation.

Study assistance payment

Each study assistance payment is for one half-year period. Once a Scholarship Agreement has been executed, the Scholarship Support Organisation makes the first study assistance payment no less than four weeks after the Scholarship Recipient's enrolment has been confirmed following the Recipient's higher education provider's census date.

Subsequent study assistance payments are made for the duration of the Scholarship, no less than four weeks after the census date and upon receipt of the Scholarship Recipient's Participation Report for the previous semester.

Internship payment

Scholarship Recipients receive the one-off payment of \$500 once the required information has been received (see [Section 8.2 The Scholarship Agreement - Internships](#)) to allow for recognition of the Internship as part of the Scholarship Program.

The Internship Host Organisation receives the one-off payment of \$500 per scholarship to assist with the cost of supporting an Internship that is not part of the Scholarship Recipient's Eligible Course of Study.

8.4 Receipt of other support

Scholarship Recipients are permitted to receive support or financial assistance from other sources while participating in the Program, provided they continue to fulfil the Program's ongoing financial need requirement (see [Section 8.2 The Scholarship Agreement](#)). This may include, but is not limited to, income from employers, assistance from other Government programs and scholarships from education and training providers.

The exception to this is that Scholarship Recipients cannot also be in receipt of scholarship funds from the Commonwealth Scholarships Program for South Australia, except if there is a demonstrated need (e.g. severe financial hardship). A successful Scholarship Applicant may apply to receive funds from both programs and decisions are made on a case-by-case basis.

8.5 Scholarship payments and taxation

Scholarship Recipients should note that:

- Study assistance provided to full-time students is exempt from income tax as per Section 51.10, 2.1A of the *Income Tax Assessment Act 1997* (Cth).
- Study assistance provided to part-time students is considered assessable income and is not

income-tax exempt.

- Any payment made to the Scholarship Recipient by the Internship Host Organisation is considered assessable income and is not income-tax exempt.

8.6 Scholarship payments and social security payments

Merit or equity-based scholarships awarded to enable a student to study at an educational institution are treated as exempt income for social security purposes as per Section 8(8) (zjd) of the *Social Security Act 1991* (Cth), to the extent that the payment does not exceed the person's threshold amount for that year.

9. Program Roles and Responsibilities

9.1 Scholarship Applicant responsibilities

Scholarship Applicants are responsible for:

- submitting an accurate and complete application form (including required supporting documentation); and
- ensuring their proposed course of study meets all the requirements to be considered an Eligible Course of Study.

The Scholarship Support Organisation must submit performance reporting to the Department on, among other things, Scholarship Recipient study progress, Internship completion and performance, and administration of funding.

10.1 Evaluation

The Department will evaluate the Program to measure how well the outcomes and objectives have been achieved.

Evaluation of the success of the Program will include comparing Scholarship Recipients with non-participants in the following, but not limited to, areas:

- the number of students engaging with the Program;
- the level of qualifications studied;
- the fields of education studied; and

Scholarships Recipients and the Scholarship Support Organisation are required by their respective agreements to provide information to help with this evaluation.

11. Probity

The Australian Government will take reasonable steps to ensure that the application process is fair, is conducted according to the Program Guidelines, and incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct.

Note: These guidelines may be changed from time to time by the Department. If this happens, the revised guidelines will be published on the [Department's website](#).

11.1 Complaints process

Feedback, enquiries and complaints relating to the Program must be sent to the Scholarship Support Organisation.
